**RE: Noble Niches
LEED Information**

To Whom It May Concern:

LEED contribution information for Noble Niches follows:

1. **Indoor Environmental Quality (EQ)**. Noble Niches are made from extruded polystyrene and are not considered VOC emitters in the LEED certification process.
2. **Energy & Atmosphere (EA)**. Noble Niches provide stable, long-term insulation value and block thermal shorts that may occur in wall assemblies. Noble Niches are waterproof and help moderate the temperature of wall cavities, reducing the potential for condensation.
3. **Location & Transportation (LT)**. Noble Niches are produced in Spring Lake, MI 49456.

Please, let us know if you would like additional information.

Sincerely,

Richard M. Maurer
